God's Word: Power to Shape our Lives

FLC 3106 | Virginia Green

This study is a discussion and interaction format using a LifeGuide booklet written by Cindy Bunch. The goal is to discover for ourselves what the "...riches of God's living Word..." says and how to apply it to our lives. Further, how God's Word strengthens and guides us, "for every good work."

High School & Young Adult Study: Tactics

FLC 3207 | Amberlie & Daniel Smothers

"Walk in wisdom toward outsiders, making the best use of time. Let your speech always be gracious, seasoned with salt, so that you may know how you ought to answer each person." (Colossians 4:5-6) We read these words from Paul and think that's great, but how?! Ever feel clueless on how to start a faith conversation at school or work or with friends? If you are a high school student or young adult up to age 29, join us for *Tactics* as we walk through Gregory Koukl's book and learn how to create a game plan for discussing your faith with others. This will put tools in your toolbox to stay gracious, wise, and calm in any faith conversation.

Men's Study: Disciplines of a Godly Man

FLC 3105 | Marvin Baker

This class is your invitation to delve into the core disciplines that define authentic masculinity and deepen your walk with God. From cultivating a heart of prayer to embracing the discipline of purity, Kent Hughes' insights in *Disciplines of a Godly Man* will empower you to live with purpose and integrity in every aspect of life. Together, we'll unpack practical strategies, share personal insights, and encourage one another on the path to maturity in Christ. Whether you're a seasoned believer or just starting your journey, don't miss out on this opportunity to strengthen your faith and become the man God created you to be.

Wisdom, Wealth and the Word

FLC 3208 | Ticha Brannan

In this class, our journey together will focus on God's mindset regarding money. He has given us an abundance of instruction on how to view, treat and manage money. We will explore aligning our money mindset with God's. Working our way through many of the Scriptures on the subject, we will develop a stewardship plan with provisions we have been blessed to manage. Class materials will be provided.

The Way We Are Wired - And Why It Matters

FLC 3107 | Sandra Mansfield

Paul told the Ephesians that we are God's workmanship, created to do good works in Christ. If that's true for us today (and we believe it is!), what does it mean? What should we learn about ourselves to be certain that we are focusing on what we do best in the kingdom, all for His glory? This class will explore many ways to understand how God created us: personalities, temperaments, strengths, spiritual gifts, pathways to God, passions, and love languages. He designed us as individuals on purpose, with purpose, for purpose, and it's all with a divine eye toward His kingdom work on earth.

Women's Study: How To Study the Bible - A Journey through Philipians

FLC 3209 | Christina Horton

Join us as we study the book of Philipians, while also learning how to read and study the Bible for transformation. Together we will practice strategies for reading His Word. We will also discover the importance of context, culture, and structure in proper interpretation. Most importantly, we'll experience the life change that happens when we apply God's Word as we walk through Philipians. Scripture journals will be provided.

When Helping Hurts

FLC 3215 | Ann Stressman

Poverty is extremely complex. So is poverty alleviation. When people seek help, they usually need more than just material goods; they need lasting change. Rather than simply looking at the economics, it looks at the poverty of relationships between:

- man and God
- man and man
- man and creation
- man and self

When Helping Hurts takes a practical look at the heart of the giver as well as the receiver when it comes to benevolence. If Getwell is going to have God's heart for reaching the world, we need to see our role in helping without hurting.
